### DRS Profile

The Doctors' Referral Service (DRS) of North Texas is an alliance of professionals from multiple areas of business practice in the healthcare industry. From accounting, consulting, marketing, legal services and more, the DRS provides a comprehensive professional reference list for today's healthcare organization.

Membership in DRS is selective. Member companies must dedicate a high percentage of their business to the healthcare industry. Acceptance in DRS is contingent upon a review process, a financial commitment for group marketing efforts and participation in meetings and educational sessions.

If your practice, IPA, hospital or IDN is in need of professional strategic or operational expertise, you may contact our member companies directly. A full list of DRS members is available on the web site at [www.doctorsreferralservice.com](http://www.doctorsreferralservice.com) in our member directory.

If you need an experienced speaker for your healthcare-related event (physician or hospital meeting, practice administrator meeting, trade show, etc.) the DRS maintains a speakers bureau for your convenience.

The DRS has a strong presence in the D/FW metroplex and regularly participates in activities and trade shows with the Dallas County Medical Society and other regionally-focused organizations.

DRS members are committed to professional service to the healthcare industry. Our organization was founded in 1990 to consolidate valuable resources for physicians, hospitals and other healthcare entities and to provide much-needed cross-referencing to trusted professionals in the area.

DRS meetings are on the 2nd and 4th Tuesday of each month. Meetings are from 7:30 to 8:30 am. Guests are always welcome to meetings.
